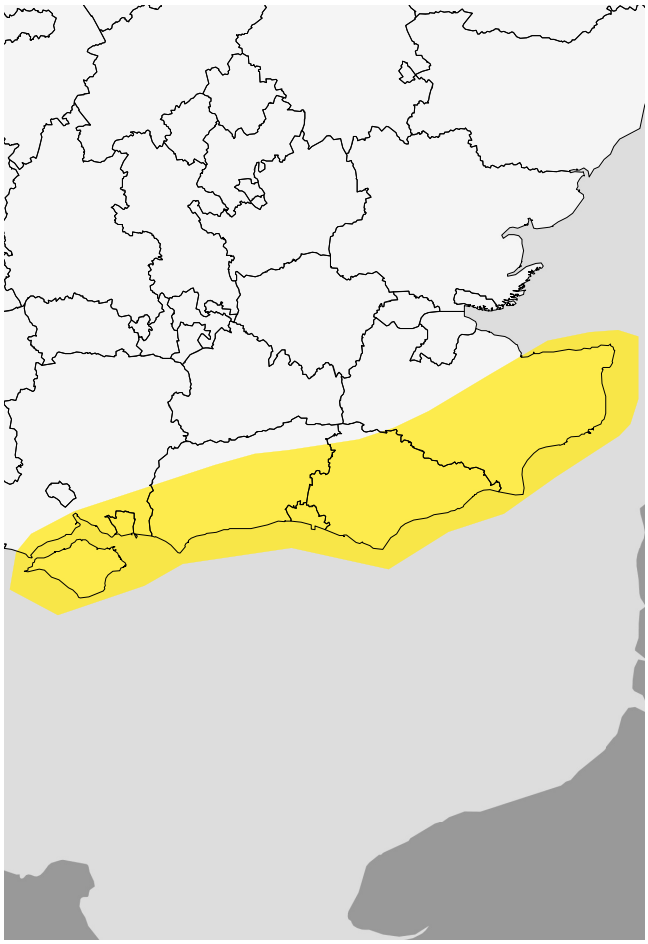
Yellow warning
Rain

Between
15:00 Sat 4 Nov 2023 and
23:59 Sat 4 Nov 2023



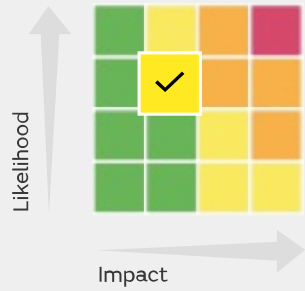
Frequent heavy showers, along with gusty winds, are likely to cause travel disruption and flooding of a few places.

What to expect

- Flooding of a few homes and businesses is possible
- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer
- Dangerous conditions at the coast with large waves on exposed shorelines

Further details

A spell of heavy rain followed by frequent heavy and blustery showers are expected to affect southern coastal counties during Saturday. Around 20-30mm of rain could accumulate in some places with perhaps as much as 40mm by the end of the day. Accompanied by strong winds along the coast, these showers are likely to cause flooding of a few roads, leading to travel disruption and possibly the flooding of a few homes and businesses. In addition, dangerous coastal conditions with large waves and spray are likely.



Medium likelihood of low impacts
